

## Product data sheet

### SORB®XT Pipe 750x150

#### Product information:

- **Recommended use**
  - For use on usual grounds and on water surfaces as a barrier and absorbent
  - Area conservation / mobile protection for smaller leakages
- **Application**
  - Place the pipe directly on the area of contamination and wait until it has reached its full absorptive capacity (the pipe will be entirely in the color of contaminated material)
  - Fields of application: Plants, companies, environment protection, traffic, municipals, on water/streets/asphalt, usual grounds, industrial grounds, special grounds, water surfaces

safe | efficient | fast

- **After the application**
  - Collect the pipe with gloves
  - Dispose the contaminated pipe with the respective valid laws and local regulations
- **Storage**
  - Store in a dry place with low humidity to avoid mold
- **Properties**
  - Filled with 100% organic SORB®XT fibre
  - Floats on water surfaces and does not absorb water
  - Practical solution: Retains contaminated substances after usage
